

**WEICON GmbH & Co. KG**

## **Protection for sensitive parts**

### **Weicon Epoxy Minute Adhesive yellow**

To protect sensitive assemblies, electronic components and semiconductors, adhesives and sealants manufacturer Weicon has developed a special casting compound – Weicon Epoxy Minute Adhesive yellow.

### **Specially for the electronics sector**

The yellow two-component epoxy casting compound cures fast and is impact-resistant. The viscous compound is self-leveling, shock-resistant, shows high adhesive strength, and is solvent-free.

The epoxy resin system has a short pot life of 4-5 minutes and is mechanically loadable after about one hour. Epoxy Minute Adhesive Yellow adheres very well to printed circuit boards and electronic components. The compound was specially developed for electronics and is used to protect sensitive parts such as electronic components, semiconductors and assemblies. It protects the sensitive components from moisture, dust and dirt as well as from mechanical stress.

### **Casting compound and adhesive**

Epoxy Minute Adhesive yellow is suitable for applications in various areas, such as for grounding work in electrical engineering and the electronics industry and for casting cable connections. Due to its distinct yellow colour, the casting compound facilitates visual inspection.

Due to its strong adhesion and fast cure time, the compound can also be used as an adhesive. It adheres very well to surfaces such as metal, plastics, fiberglass-reinforced plastics, glass, and ceramics.

**Corporate profile:**

Since 1947, WEICON GmbH & Co. KG has been producing speciality products for the industry in Germany. The range of products includes special adhesives and sealants, technical sprays and high-performance assembly pastes and greases for all areas of industry - from production over repair up to maintenance. Another field of activity is the development, sales and distribution of stripping tools.

The company headquarters is located in Muenster, Germany. WEICON has subsidiaries in Dubai, Canada, Turkey, Romania, South Africa, Singapore, in the Czech Republic, in Spain and in Italy. The company is represented by WEICON partners in more than 120 countries all over the world.
